[www.Cincinnati.MD](http://www.Cincinnati.MD) has awarded Anderson Township resident Lisa Haynes-Henry with \$1000 for providing feedback on her doctor on the website dedicated to improving the quality of health care in Greater Cincinnati. “We want to encourage everyone to provide feedback on their doctors in Cincinnati. . . The more feedback provided, the more free information available to help consumers make better healthcare decisions and receive better quality of care,” said Joe Benza, Jr. CEO of [www.Cincinnati.MD](http://www.Cincinnati.MD).

“Leaving feedback at [www.Cincinnati.MD](http://www.Cincinnati.MD) was easy. After visiting my doctor for my annual check-up, I learned about [www.Cincinnati.MD](http://www.Cincinnati.MD) and the feedback system. Because the visit exceeded my expectations, I enjoyed leaving positive feedback for both him and prospective patients to help them understand why I go to this doctor. I wish [www.Cincinnati.MD](http://www.Cincinnati.MD) was available when we moved to Cincinnati nine years ago. What an excellent tool for finding a new doctor or even learning about a specialist to whom you’ve been referred,” said Lisa Haynes-Henry, the recipient of the \$1000 award.

[www.Cincinnati.MD](http://www.Cincinnati.MD) will continue to offer this incentive program for patient feedback. Check website for additional details on how to participate in the \$1000 award.
